Welcome To Breezemont Day Camp

Welcome to our family. Breezemont Day Camp has a culture that is special and unique. We consider our staff, campers and their families to all be a part of our family. Our mission is to provide a safe and enriching environment that allows our campers to play, learn and grow. We foster independence and self confidence by giving campers the tools to maximize their potential. We offer an unplugged environment to create authentic relationships and friendships. We employ skilled professional staff that coach and mentor our campers to help them to be the best that they can be. We take extreme pride in what we do here at Breezemont Day Camp and we celebrate each individual with genuine kindness and respect.

Our purpose is to provide our campers with a summer they will never forget. We want our campers to go home at the end of everyday with awesome stories, new experiences and a little bit more knowledge than when they arrived. We rely on all of our group, activity, hospitality and waterfront staff to help create an environment that our campers can flourish in and feel comfortable enough to try something they have not before.

Free Meals & Snacks

We provide every staff member and camper with lunch and snacks throughout their activity filled days at Breezemont. Our hospitality staff work hard to bring an ever changing menu of mouth watering meals to your table.

Training Provided

Before you begin working at Breezemont we will provide you with all the necessary training you will need in order to work at camp. All staff will attend three orientation days before camp begins in which they will receive a number of training sessions on topics including childcare, health and wellness, safety and security, positive reinforcement, working with campers and more. You will also have the chance to meet other workers within your department during these orientation days. Our activity, art and waterfront staff will also receive free expert instruction such as ropes training, CPR and American Red Cross training. If you wish to have further training outside of your department, this can be completed at cost to the individual.

Family Values

As part of our Breezemont family we want you to feel comfortable in your environment and with your co-workers. We operate an open door policy which means our door is always open if you have any issues during your time at camp and need to speak to someone. We try to assign counselors and activity staff to the appropriate groups and activities to ensure the best shot at success. We ask that during your time at Breezemont with your campers you display and uphold moral and ethical principles such as honesty, loyalty, discipline and responsibility. This is your chance to be a role model and to instill these values in our campers.

Our medical staff are on call throughout the camp day at Breezemont. They will be the first point of contact if any of your campers or yourself are injured during camp activities.
